The Ferrari Driving Clinic will run in conjunction with the Ferrari Challenge Races on the days of May 12-14th. "Track time" will take place on the same track and route as the Challenge. The clinic will track between the various run groups. For those looking for the ultimate inclusion in the Challenge experience, short of being an actual Challenge driver, this clinic is a great opportunity to explore the potential of yourself and your Ferrari.

ACTIVITIES

Rampagers participating in the Ferrari Driving Clinic must purchase a VIP pass in addition to the Ferrari Driving Clinic Pass. This will allow access to the activities offered by both Ferrari and Scuderia Rampage, a description of which is offered below.

Rampagers will need to arrive Thursday due to the early track time on Friday. We realize that because the clinic is a three day activity beginning in the early morning into the afternoon, Rampagers choosing to participate in this activity will miss some of the organized drives and lunches we have scheduled during the morning and afternoon hours. For this reason we have organized some special activities on Thursday for those attending the Clinic. This includes an organized drive to the Ravenswood winery for an evening of activities, consisting of tours, educational seminars, wine formulation competition, car display and awards show. Clinic participants will also be treated to daily VIP hospitality breakfast, lunch and afternoon refreshments including drinks at the track. Of course after your day at the track you will join fellow Rampagers for an evening of fun activities and dinner.

In addition clinic participants still retain the option to participate in morning and afternoon activities outside the track at your discretion or if that newly applied oil seal on the 250 GTO blows mid track.

Rampagers participating in the Ferrari Driving Clinic will receive the following:

- Exclusive Discounts at the Fairmont Sonoma Mission Inn. One of the regions highest rated spa resorts
- Secured parking & hotel and track.
- Welcome Gift Bag
- Discounted Spa rates for Rampagers interested in R&R or Mothers Day Treatment
- Private track instruction by Ferrari Challenge Instructors
- Ferrari technical support

Thursday Track & VIP Activities (Outside the Track)

- Organized drive to Ravenswood Winery
- Private wine tasting & production tour
- Educational seminar and Wine Lab, includes bottle of your own blended wine.
- Ravenswood Concourse & Awards Social. Winner will receive a Magnum of Monte Rosso Zinfandel.

OVERVIEW

The Ferrari Sport and Touring Clinics are professionally instructed driving clinics, offered by Ferrari NA over three days, in which Ferrari owners explore the capabilities of their cars. Ferrari instructors provide owners with an overview of basic driving techniques, a discussion of vehicle dynamics, instruction on the proper driving line, and feedback on their performance. Clinics take place on Ferrari Challenge weekends and run with other select customer events like Historics Challenge, Kart Challenge and occasionally new car introductions and test sessions.

NOTE: Ferrari is overseeing the organization and implementation of the following program elements:

- A three day admission pass to the track
- On-track sessions in customer-supplied Ferraris [drivers are segregated into Sport and Touring groupings by FNA instructors]
- One hour of instructed track time per day
- One hour of driving theory workshop per day
- One hour of infield driving exercises per day [i.e. braking, autocross, etc.]
- Full day catering and Hospitality – premium breakfast, lunch, drinks, and snacks
- One round of participation in the Ferrari Kart Challenge. Awards presented by Ferrari.

RULES AND REGULATIONS

- All vehicles require a technical inspection by an authorized Ferrari dealer prior to participating in exercises using the provided inspection form.
- Drivers must complete inspection form.
- All drivers must register and sign a liability release at the registration area prior to entering the track
- All drivers must attend scheduled driver's meetings and briefings as noted on the event schedule
- Convertible vehicles are not eligible to participate in track exercises
- Drivers only. No passengers during exercises save for Ferrari instructors
- Seat belts must be worn at all times
- Helmets must be worn at all times and must meet Snell SA2000 or similar standards
- Full Nomex protection is required for all race car drivers
- Pit lane speed is limited to 20 m.p.h. [strictly enforced]

Insurance mandates that these rules are strictly enforced. Ferrari N.A. reserves the right to exclude any driver for any reason.

Safety is paramount. Participants will be evaluated and separated into run groups determined by Ferrari N.A. instructors.

SPORT GROUP

Created specifically for intermediate or advanced drivers with track experience, SPORT session drivers should have participated in a racing or driving school program, car club or autocross competition event. All groupings are subject to review by Ferrari instructors and Ferrari North America. SPORT session drivers enjoy free lapping on track with no speed restriction. Passing is permitted, however, only in certain designated areas of the track.

TOURING GROUP

Beginning or intermediate drivers with minimal or no track experience will participate in the TOURING group. The primary purpose for this group is to develop driver comfort and confidence on track. Drivers work directly with instructors to maximize their development during track sessions, learn proper track protocol and etiquette in the paddock. There is no passing during track sessions and speed is limited at the instructor's discretion. Drivers that improve to approach the standard for the SPORT group can graduate to the advanced grouping.

ARRIVAL TIME

Programs generally run from 8:00AM to 5:00PM, however, drivers should check the detailed program agenda specific to their SPORT AND TOURING CLINIC as schedule times may vary.

NOTE: Details pertaining to the organizing, running and instruction at the track are being handled exclusively by Ferrari NA. Track activities, details and rules are subject to change at Ferrari NA's discretion without notice. Please direct your questions to RampageTime@yahoo.com for more information.
